

THE SWEET PROJECT HOLISTIC INTERVENTIONS IN SCHOOL

Do you want a flexible, proactive and individual response to meet the needs of your children and their families?

If the answer to this is yes please consider The Sweet Project for your school.

The Sweet Project can provide differing social work interventions to meet the individual needs of the children and or their families. We are open throughout the year including school holidays (excluding bank holidays). We provide direct work with children to ascertain wishes and feelings and undertake preventative work to increase emotional resilience. Referrers can also choose interventions with the whole family including:

- Family Group Conferencing
- One to One Direct Work with parents / carers to increase parenting capacity
- Attendance assessments
- FCAF
- Group Work – this can be individually tailored to meet the needs of the children, however some schools have chosen to focus on social skills, peer friendships and transition.
- Child Protection / Children in Need
- Crisis Intervention – we aim to allocate all cases within a maximum of 24 hours. This can include supporting parents to access food banks, attend housing appointments and assistance with benefits.

All packages of support are individually tailored for your school.
References are available on request.
